Katie,

The transfer of ANL-04 release site from WAG 9 to WAG OU 10-08 is  
acceptable to EPA.

Dennis/Matt - Would you send me some sort of written statement  
acknowledging that the transfer of WAG 9 release site ANL-04 to OU  
10-08

is acceptable to EPA? I sent a letter last month. I can send a PBF file of the letter, if you need it. If you have already sent a written statement, could you please re-send? I can't find a specific e-mail or letter from EPA. I have one from DEQ. With the contract transition, I want to close the file on transfer as soon as possible.
